

BID SUPPORT

Creative Services

With a proven track record of supporting winning bids, we understand that the presentation and continuity process is a major part of any successful tender. Additionally, our staff are committed to achieving strict deadlines, working within a client's timescale whilst still delivering quality bid documents.

We are dedicated to supplying a complete bid support service – this includes the design and production of bid templates and graphics, copy editing, formatting, desktop publishing and the final print of the bid documents. Our staff are committed to achieving deadlines, often working around the clock to deliver success within the project timelines.
